

BASHARAT KHAN

Bash Art Creative (Basharat Khan) is Glasgow-based but works UK-wide as well as internationally, including projects in Spain, France and Asia. Bash Art Creative is passionate about discovering new narratives, images and communicating through the medium of film via outdoor installations and public projections.

INFLUENCES:

I am interested in the representation of diverse communities, exploring the perception of place through film and searching for alternative narratives. I focus on the everyday things of life, aiming to get closer to the real.
