

Learning typologies

These cards can be used to map out how learning spaces promote different kinds of learning.

Campfire

(Focused, scaffolded input)

Cave

(Independent, reflective learning)

Watering Hole

(Collaborative learning)

Fields

(Experiential learning)

Journey to the Mountain Top

(Celebratory, shared learning)

Cave

A safe, reflective space to be alone and to reflect or to work independently, without interruption or distraction from others. A calm space where individuals can think, explore and do their own thing.

Campfire

A place for learners to come together, listen to experts and learn from each other. A sharing space for problem-creating, goal setting and curriculum-making.

Journey to the Mountain Top

A place to celebrate and share learning with others. A place to feel proud. A wellbeing and 'feeling good' space.

Fields

Practice, specialist, and creative spaces. Fields are where we actively try out ideas, test things out, applying our knowledge and skills in the wider world, life spaces. A 'doing,' experimenting and moving space.

Watering Hole

A more informal space to gather for learning from peers, exchanging ideas in small groups. A good place to get help and advice when we get 'stuck' or need inspiration. A problem-solving space.
